1. The likely project support external assistance needed for various consultancy services is arrived after detailed discussions with the OWD officials and the same is indicated along with the cost.

2. The key actions required for implementation the ISAP is indicated in the matrix under **short term (0 to 2 years) and Long term (2 to 5 years)**. **The ISAP is appended to this Report.**

1. The GOO has initiated preparation of the new Orissa State Road Project (OSRP) with the loan assistance of the World Bank. The project is expected to be ready for implementation in 2007. As an integral part of the new project, the GOO desired to develop and implement an integrated institutional strengthening action plan (ISAP) in a phased manner during the term of the new road improvement project. The

proposed ISAP will be built on the findings and recommendations of the IDS made by M/s. SMEC. To ensure that the formulation of the ISAP benefits from the experience and insights of wide range of OWD Engineers, the GOO has constituted a **"TASK FORCE"** for preparing the draft of the ISAP for joint consideration of GOO and World Bank. The following are the Taskforce Members.
